News Bulletin

Week Ending: 28th February 2025

Achievement Awards

R: Arthur P Y1: A-J McKay Y1/2: Nyra S Y2: Rory S Y3: Mehr J Y3/4: Franklin I
Y4: Sophia-Grace C-F Y5: Alfred C Y5/6: Amy S Y6: Evie W

Pupil voice C1

- A-J M – I liked watching the fruit being cut in Science and then drawing it!
- LN – I enjoyed drawing maps in English
- EP – I like phonics learning
- CA – I like doing sharing in Maths
- AS – I learnt about Bonfire night in History

Green Bees Update

The Green Bees would like to say a big thank you to Miss Shaw for coming and meeting with us this week. Together, we started planning some exciting gardening projects for the school!

Mrs Miller's Message

What a busy first week back we had with plenty more activities coming up this half term. UKS2 enjoyed a performance from a local theatre group entitled 'Getting there', focused on road safety. LKS2 have started rehearsals for their upcoming performance on 25th & 26th March. And not forgetting our PTFA quiz night on Friday evening, I know a good time was had by all. Well done to all teams involved! Information has been sent to you regarding World Book Day on Thursday 6th March; the children have already been talking about which characters they will be dressing up as! Don't forget to send your child in with change for the PTFA book sale. Thank you for all the generous book donations that have been sent in so far. We have many sporting activities coming up this term too including football and netball tournaments. Good luck to all those who have been chosen to take part and thank you to Mrs Woodier, Mr Griffin & Miss Ryan for your ongoing support of our sporting teams and activities.

Attendance Matters

Be a **H.E.R.O.**

(Here Every day Ready On time)

Supporting your child's school attendance.

Hand hygiene - Hand-washing is one the most effective ways to stop germs from spreading.

Regularly washing hands in soap and warm water for 20 seconds or using hand sanitiser when out and about can help you and your child to stay well and not pass on germs.

Catching coughs and sneezes - Using a tissue to catch coughs and sneezes and then binning it before washing your hands with soap and water or hand sanitiser can help to stop infection from spreading.

Teaching children this habit and providing them with tissues will help them to not pass on germs when they are unwell.
