### Mrs Miller's message

On Monday, Mrs O'Brien led a whole school assembly to introduce Neurodiversity Week. The key focus has been celebrating our unique strengths and differences. This week has given the teachers opportunities to support all our pupils in recognising and understanding that whatever our differences and challenges, everyone has their own talents. Thank you to the parents who were able to attend our Therapeutic Thinking information meeting this week. Whilst there was a lot of information included, I hope that it has given you a good insight into how we support the behaviour, wellbeing and emotional development of all children at Wheatcroft. Our Green Bees led a whole school assembly this week about the three Rs! Reduce, Reuse, Recycle. During their presentation they clearly showed how important climate action planning is to them, well done.
